NOTES

At the time of writing this programme we are experiencing unusual times due to the Coronavirus Pandemic. With restrictions beginning to ease we hope we will be back in the Club Room from September and this programme reflect it.

Where we can not meet a Zoom Meeting (Video Conferencing) will be organised for the same or similar topic instead

Photowalk/Field Trips

These are weekend activities where an interesting location to photograph will be agreed prior to the activity date

They are obviously weather dependent so alternative dates or challenges could be applied

These may involve car share and may require a packed lunch with a drink

It is time to share our experiences and techniques with like-minded photographers in a familiar and and friendly atmosphere.

The first Monday after the weekend field trip we process our images to get the most from them.
